Ark Valley Therapy is transitioning to paperless billing.

Our preferred method of sending your monthly invoices and statements is by e-mail. This means you will no longer have to rely on the mail service and you will receive your monthly paperwork much quicker. Paperless billing also minimizes our effect on the environment.

If you are agreeable to transition to paperless billing please include your e-mail address below.

If not, you will continue to receive your monthly invoices and statements by standard mail.

I, (Patient's name) _____, agree to have my monthly invoices and statements sent via e-mail.
